Features:

- ✔ Balcony
- ✔ Gated complex
- ✔ Elevator
- ✔ By installments
- ✔ Investments
- ✔ Parking
- ✔ Playground
- ✔ Кирпичный
- ✔ Swimming pool

Description:

Coral is a modern residential development in the southern part of **Sveti Vlas** - a resort firmly established as one of the most prestigious and sought-after destinations on the Bulgarian Black Sea coast. The project brings together contemporary architecture, a well-designed living environment and strong investment potential: a property that combines comfort, tranquillity and value that holds over time.
The building sits below the main road running through Sveti Vlas, on a plot with a natural south-facing slope. Thanks to this position, nearly every apartment enjoys a striking panorama of the sea and the bay of ancient Nessebar - widely considered one of the most impressive views on the Bulgarian coast.
Apartments and Layouts
The complex offers a total of 79 apartments, designed with a focus on comfort, practical layouts and efficient use of every square metre:

- 67 one-bedroom apartments
- 11 two-bedroom apartments
- 1 three-bedroom apartment

Each home is designed to provide abundant natural light, a pleasant living environment and a genuine sense of space.
Architecture and Style
Coral's design follows the spirit of contemporary Mediterranean architecture - clean lines, elegance and an aesthetic that never goes out of fashion. At the heart of the project are:

- a modern, refined design;
- functional, comfortable layouts;
- high-quality building materials;
- a setting equally suited to year-round living and summer holidays.

The combination of stylish architecture, sea views and a prime location makes Coral a standout project on the market - highly attractive both as a home and as an investment.
Completion date: 30 June 2028
