Pomorie is the most famous Bulgarian balneal resort. It is located on a narrow picturesque rocky peninsula 20 km northeast of Burgas, connected to the present mainland by a narrow isthmus. Its coastline is more than 4 km long and the descent to the sea is smooth, so it is perfect for a vacation with little kids. The sea of the resort is very clean, which is confirmed by the international mark of ecological purity "Blue Flag".

The main feature of this wonderful resort is the presence of therapeutic muds in Pomorie Lake. Because of its healing properties, the ancient Thracians and colonists called this salt lake "The Sacred Lake". Many balneotherapy centers offer mud treatment, meadow therapy, saltwater pools, and the beneficial effects of iodine sea vapor. Pomorie is popular among those who plan to buy property in Bulgaria by the sea.

Bulgaria is one of the most convenient countries of the European Union for housing and free-living at any convenient time. Property prices in Pomorie depend directly on the proximity of the coast, the development of infrastructure, and sea views. Buying apartments in Pomorie are of interest to investors in many countries of Europe and the former Soviet Union and allow making profitable investments in real estate. And this is obvious because the city of Pomorie combines the healing power of nature, mild climate, and ancient architecture.
